Have You Heard?

By Dorothy McCain Elsenius

Albany's Bruce Barrows is really going to be busy this month passing out gifts and congratulations . . .

October 18 will be the birthday celebration for his maternal grandmother, Virl Parrot; October 19, the anniversary of his mother and her husband, Vonnie and Virgil Vierra, and then on October 26, is Bruce's wife's birthday—and Gladys is certainly going to expect lots of honors on that day (if he has any money left).

* * *

And speaking of Bruce's relatives . . . his paternal grandmother, Kathryn Etingoff, just returned from a trip to Italy, but according to Bruce's mother, Vonnie, all Kathryn could talk about was a turkey dinner she had over there, and a wonderful pie made with evavporated milk — she's just got to get that recipe!

* * *

Picture of a sad anniversary (or funny, which ever way you look at it). The Art Brickeys were to observe their anniversary on Sept. 24, and planned a nice family dinner at a popular East Bay restaurant, but, just before leaving they got into an argument over child rearing (as married folks sometimes do) and called the whole thing off.

Sooooo, they reconciled and planned to attend the Mexican Dancers Festival at the new Paramount Theater of the Arts in Oakland, this last Sunday. But, as most of you know, the performance didn't come off, because something went wrong with the plumbing and the theater was flooded.

Thank goodness, Mrs. Brickey had the foresight to prepare a picnic lunch — so they celebrated their anniversary (a week late) at Lake Merritt eating sandwiches and watching the lawn bowlers. Which was a novelty, anyway!

* * *

Albany High School PTA members are again providing coffee & cake to evening school students, which gives pleasure to the students and money to the PTA budget — with everyone getting something.

Members are being given a good suggestion — "when you are baking a cake — bake two or three, and put the extra ones in the freezer. Then when you are called upon to donate a cake — you're all ready."

Sounds like a great idea, doesn't it????

* * *

The local Soccer Season opened last Sunday, with more than 100 fans and friends attending the games at Cougar Field, with Albany tieing Oakland's Michoacans 3-3, and El Cerrito trouncing St. Bernards of Oakland, 4-0, in the East Bay Soccer League games.

The main event pitted the youth-filled El Cerrito team (average age 22) against supposedly older and wiser . . . but slower St. Bernard group, whose average age is 30.

It's a fast and interesting game, and those who missed last Sunday's event, should plan to attend this Sunday, Oct. 7.

Timely Lessons For Our Young Area Bicyclists

By JOHN T. FORD,
Albany Police Dept.
Bicycle Detail

SAFE BIKE LIGHTS AND WHEN TO USE THEM

One of the most important things to remember about safe biking is that your bicycle MUST have proper lighting if you ride it after dark!

This may not seem important to the person on the bicycle, but it is very important to the people driving automobiles, because the only way automobile drivers can see someone on a bike at night is if the bike has lights. If you have ever ridden in your parents' car at night, and have come upon a person on an unlighted bicycle, you will remember it is practically impossible to see the bike until you are almost on top of it.

If you ride without a headlight or proper rear red reflector, your chances of being hit by a car are very high!

Standard lighting for every bike should be—a headlamp on the front, pointing straight ahead, and which can be seen from a distance of 300 feet. A red reflector on the rear of the bike is also very essential, and it should be visible for 300 feet behind the bike. It is always best to have a lighted RED light on the rear of your bike, in addition to a red reflector. No other colored light should be displayed on the front of the bike, other than your white headlight. And, no other colored light, except red, should be displayed on the rear of your bike.

Since your bicycle is usually out in all kinds of weather, the batteries in your bike lights should be removed about once each week, and wiped clean of dampness, dirt and corrosion. Batteries deteriorate very rapidly if not clean and dry. While the batteries are out of the lights, it is best to wipe out the inside of the lights with a clean cloth before replacing the batteries.

Riding at night, even with proper bike lighting, is very dangerous. Always make certain that you are wearing LIGHT COLORED clothing when riding at night. Never, under any circumstances, carry a passenger on your bicycle after dark. This makes the bike much more difficult to control, and cuts down on your ability to respond quickly to an emergency situation on the street or highway.

ANSWER THE FOLLOWING QUESTIONS

	Yes	No
A red light is the only colored light which should be on the front of your bike	——	——
Any colored clothing is all right for riding your bike at night	——	——
A person driving a car can easily see a bicycle after dark,

Correction

The Albany Times has been asked to print a correction of an article published in the August 29 issue, concerning the free meals being offered at Albany Schools, under the National School Lunch program.

The last two paragraphs of the article should read:

If a parent is dissatisfied with the ruling of the official, he may make a request, either orally or in writing to Charles McCully, Superintendent of Schools, 904 Talbot Ave., Albany, for a hearing to appeal the decision.

Hearing procedures are outlined in the policy, and a complete copy of the policy is on file in each school, as well as in the office of the Albany Unified School District at the above address, where it may be reviewed by any interested party.

Frightening Fire Facts Recalled Today

The "Great Chicago Fire of 1871" is the only major conflagration whose anniversary is marked by an international observance — Fire Prevention Week — proclaimed each year throughout the United States and Canada.

Originating in 1911, by the Fire Marshalls' Association of North America, and called Fire Prevention Day, it was extended into a week in 1922, on the recommendation of the National Fire Protection Association Committee.

The date of the Chicago disaster was October 9, consequently Fire Prevention Week is always held Sunday through Saturday of the week in which that date occurs. This year the observance will be from October 7 through 13.

According to Albany Fire Captain Ray Gonzalves, more than 250 persons perished in the Chicago fire, which destroyed 17,430 buildings at a cost of $168,000,000. In reminding Albany residents of this dreadful holocaust, Capt. Gonsalves says "Let's not just observe this one week, but make every day of the year Fire Prevention Day."

Statistics provided by National Fire Protection research indicate that the average daily fire toll in the United States is 32 lives, 1520 homes, 14 schools, 8 churches, 5 hospitals and nursing homes, 120 stores and 135 industrial plants.

Further statistics show that almost 60 per cent of all home fires start in the living room or kitchen and of the 12,000 people who die in home fires yearly, nearly 30 per cent are children and over one-third of the children were left alone when the fire broke out.

Capt. Gonsalves asks Albany residents to seriously consider these facts, and take proper precautions to prevent fires.

Charles McCain To Chair Muni Court Clerks Convention

Charles McCain of Albany, Clerk and Administrative Officer for the Berkeley-Albany Municipal Court, is chairman for the Municipal Court Clerks Convention, to be held Friday, Saturday and Sunday, October 5, 6 and 7, at the Marriott Inn on the Berkeley Marina.

The Berkeley-Albany Court will host the affair, assisted by the other municipal courts in Alameda County. The welcoming address will be given by Alameda County Board of Supervisors' Chairman, Josetph Bort, and Berkeley-Albany Municipal Court Presiding Judge, James R. Holstrom.

The program will include a panel on legislation, a discussion of management services, a report on branch courts and non-judicial staffing measurement, and information tables manned by representatives of the State Bureau of Statistics and the Division of Drivers Licenses.

Entertainment will include a boat tour, culminating in lunch at Fisherman's Wharf, a dinner dance and an installation luncheon.

New officers will be installed by Judge Lewis F. Sherman of the Berkeley-Albany Court.

Current president of the Association is George R. Dickey, Clerk/Administrative officer of the Oakland-Piedmont Municipal Court. Northern vice-president is William Callaway, Clerk/Administrative Officer of the San Leandro-Hayward Municipal Court.

John Michael Hinds Dies In Mountain Climbing Accident

Nineteen-year-old John Michael Hinds, son of Mr. and Mrs. James Hinds of El Cerrito and 1971 graduate of John F. Kennedy High School, died Sunday, September 23, in an accident which took place while he was participating in U.S. Army mountain climbing expedition near Shelton, Washington.

"Mike" as he was known to his friends, was serving with the Army at Fort Lewis, Washington, where he was a 4.0 student, training for an engineering career.

A Past Master Councilor of the Albany-El Cerrito Chapter of DeMolay, he was engaged to Susan Luoma, daughter of Mr. and Mrs. Robert Luoma of Albany. The couple had planned an August wedding, but had decided to postpone the event until his military service was ended.

Along with his parents, Mike is survived by a sister, Mrs. Susan Overholtzer of San Ramon, and two brothers, Paul and Steven Hinds of El Cerrito.

Services were held at the Wilson & Kratzer Mortuary in Richmond on Saturday, Sept. 29.

NOTICE

An "identified flying object" has been found in Albany. John Sawers, Albany Animal Control Officer, first observed a parrot roosting with some pigeons, but when he returned to catch it it had disappeared. It turned up later at a resident's home, apparently so hungry it wasn't afraid to share the dog's dinner with him.

If anyone reading this item has lost a parrot, please call 525-8301 and it will be returned upon identification.

St. Alban's New Rector

The vestry of St. Alban's Episcopal Church, Washington and Curtis Sts., has welcomed the Rev. Warren Debenham as the new Rector, as of the first of this month. Reb. Debenham comes to Albany from Sunnyvale, where he served at St. Thomas Church for the past 13 years.

The new Rector attended Lowell High School in San Francisco, serving as president of the Scroll Honor Society, as well as president of both the junior and senior classes.

Following his graduation from Stanford University, where he earned a BA degree in Philosophy, Father Debenham spent two years at the General Theological Seminary in New York, returning to the Bay Area to obtain his Master of Theology degree in 1958 from the Church Divinity School of the Pacific in Berkeley.

The new minister's first sermon at St. Alban's will be given Sunday, Oct. 7, and will be based on the text from St. Mark, 8:27-38, where Jesus asks Peter: "Who do you say I am?"

The community is invited to attend either the 8 a.m. or 10 a.m. services on Sunday, and join in welcoming the new Rector. A coffee hour will be held to honor Father Debenham, his wife and family following the 10 a.m. service.

NOTICE

The Albany City Council will hold their next regular meeting on Tuesday, October 9, due to the observance of Columbus Day on Monday, October 8. All City offices will be closed on the holiday.

Kendall's Income Tax Course Opens Tomorrow Evening

A class entitled "How To Prepare Your Income Tax Return" is being conducted at the Richmond Adult High School, at 35th and MacDonald Avenue, Richmond, California, by Stanley R. Kendall, a Berkeley practicing attorney.

The class meets on Thursday evenings commencing at 6:45 p.m. and terminating at 9:45 p.m., and will be for the duration of six to eight consecutive weeks, commencing October 4, 1973.

The course will cover U.S. and California Individual Income Tax Returns in connection with various types of income both taxable and non-taxable, along with deductions that are allowable and non-allowable. The course is especially designed to cover in simple, concise language the preparation of Income Tax Returns covering salary income, dividends, interest, rental income, pensions and annuities, sales of property, as well as other types of income, and the deductions that are allowable under the new law covering these types of income.

The course is extremely helpful to those individuals who will be preparing their own tax returns without professional help.

Pop Warner Team To Play Saturday

Albany's Pop Warner football team will play Crockett in a home game at Cougar Field at 1:30 p.m., Saturday October 6. The public is cordially invited to attend and cheer for the home team.

They need some encouragement, since they lost to Valletjo last week 39-0. Let's show them we care!

FRATERNAL ORDER OF EAGLES

Bay View Aerie No. 2323 will resume their monthly card parties beginning tonight (Wed., Oct. 3) at 8 p.m., at the Eagles' Hall, 3223 Carlson Blvd., El Cerrito. Cards will be played on the first Wednesday of each month.

The public is cordially invited to attend.

Albany Council Endorses November School Bonds

The Albany City Council unanimously gave their support and endorsement for the passage of Proposition A, the school bond issue, at the November 6 election, in answer to a request from Leonard "Lee" Keck, chairman of the Albany Citizens Bond Committee, at Monday night's Council meeting.

During the discussion, Councilman Joe Carlevaro indicated he had his "reservations" concerning the attendance of out-of-district students in Albany schools, but after attending an information meeting with the new Superintendent of Schools, Charles McCully, he had been assured that the district of residence will be paying "tuition" for these students.

The four member Council (Councilman Hubert Call is on vacation) also filed as "informative" a communication from Robert W. Conley, a Jackson St. resident, who had earlier had a complaint concerning Cable TV, but who advised the Council the problem had been cleared up.

Mayor Lewis Howell requested that anyone in the City who had problems concerning Cable TV service, should refer them to City Administrative Officer, James Turner.

In other action, the Council referred: an application for a vendor's permit for the sale of produce to the Chief of Police and the City Attorney, for their recommendation; a proposed ordinance for the Park and Recreation Dept., submitted by E. J. Rooney, Dept. Superintendent, to the City Attorney, and a complaint from a Pierce Street resident, concerning a neighbor's dog, was referred to the Health Dept.

Council members also gave their unanimous approval to a resolution supporting the City of Richmond's request to have the State declare Hoffman Blvd. as a freeway of statewide importance, and introduced for first reading an ordinance amending Chapter 8 of the City Code, changing the name from Civil Defense to Emergency Organizations and Functions, and another bringing the City's ordinance imposing sales and use tax to be administered by the State Board of Equalization on penalties for violation, into line with the State's ruling.

A public hearing date of October 29 was set Monday night, to consider the rezoning of Marin Avenue, as recommended by the Planning and Zoning Commission.

Under the "good of the City" Councilman Joe Carlevaro questioned Administrative Officer Turner as to when the barriers would be placed at the crest of Albany Hill to prevent cyclists and others from trespassing, as was requested by retsidents at last week's Council meeting. Turner informed the Councilman that the public works department had been securing the necessary materials and that a guard rail would be placed around the cul-de-sac within a week, and it would have a removable panel to provide access in case of an emergency.

The Council adjourned to an attorney-client meeting with City Attorney Larry Saler.

Shuttle Now Operates At EBRPD's Pt. Pinole Park

For those local residents who like salty beaches, spectacular Bay vistas and 3½ miles of beaches, a visit to the 1000-acre Pt. Pinole Regional Park is in order, and the latest information that the East Bay Regional Park District is now operating the "Pt. Pinole shuttle," a small propane-fueled tractor which hauls a 36-passenger "trailer" on a three-mile round trip, is good news, since no autos are allowed in the Bayshore park.

"Chief purpose of our 'shuttle'," explainer Ray Dawson park foreman, "is to provide transportation for those carrying heavy and varied paraphernalia, for toddlers not up to walking the 1½ miles to the Point, and for the aged or infirm. In the brief time the 'shuttle' has been operating, families have swung aboard with everything—from watermellons and Thermos jugs, to hampers, hampers, docks and strollers," he continued. "I would hate to try to lug some of that gear a mile and a half."

The "shuttle" will be in operation from 9:30 a.m. to 5:30 p.m. on weekends and holidays, and, if the crowd warrants, the closing hour may be extended.

Starting in the parking lot at the south end of the park, the shuttle climbs a slight grade paralleling the Southern Pacific mainline tracks, where views of sleek passenger trains and long freight trains are common, crosses a bridge spanning the railroad, and then makes its way along the western edge of a big meadow and a eucalyptus forest, to a terminus near the northernmost tip of the Point.

There are regular stations along the route, marked by small signs, where passengers may leave the "shuttle" and reboard it at their convenience.

Households To Be Questioned On Upkeep and Improvements

Questions on expenditures for the upkeep and improvement of residential properties will be asked of a sampling of households in this area, during the first two weeks of October, according to John E. Tharaldson, director of the Bureau of the Census' Data Collection Center in Seattle.

The survey, which is taken four times a year, provides information valuable to the Government, and to many groups (both public and private), on this segment of the American economy.

Households here will be among the approximately 6,000 throughout the United States who will be asked questions concerning alterations, repairs and additions to their homes.

According to data collected, during the first quarter of this year, homeowners (owner-occupants of single unit dwellings) spent $1.5 billion on improvements such as additions, alterations, and major replacements, while $600 million was spent for maintenance, repairs and decorations. Information given to the Census Bureau is held in strictest confidence by law, and the reports published are in terms of totals only. No information that would identify any individual is ever released by the Census Bureau.

Paper Pick-up Schedule Given

The Berkeley Ecology Center will conduct their curbside newspaper collection program in the area north of Solano Ave., on the second Wednesday of the month, from San Pablo Ave. to the Berkeley boundary.

Papers will be collected sometimet between 8 a.m. and 5 p.m. and should be placed in the driveway, next to the curb (for maximum visibility) before 8 a.m. on the day of collection.

Papers should be tied in bundles no higher than 12 inches, with stout string or twine. No magazines or grocery bags should be included.

Collections will be made, rain or shine, except on the following holidays: Labor Day, Thanksgiving, Christmas, New Year's, Memorial Day and July 4. Collections scheduled for the day of the month on which these holidays fall will be made the following Saturday.

All streets south of Solano Ave., from the east side of San Pablo to the city line, will be collected on the second Thursday of the month.

The balance of the City, including the west side of San Pablo Ave., and all streets below, will be collected on the second Friday.

Apartments with ten or more units may arrange to have papers collected on the premises, rather than from the driveway, and apartment managers may call the Ecology Center to make arrangements.

Questions regarding the collection program can be directed to the Ecology Center office at 548-2221, Monday - Thursday, from 11 a.m. to 1 p.m.

Have you sen the antique and souvenir spoons on display at Security Savings & Loan? They belong to Irene McWilliams, of the Albany Chamber of Commerce. The collection was started many years ago, by the mother of her late husband Carl, when she and Carl's dad came across the US from Pennsylvania to California.

For spoon lovers, its a beautiful collection an dincludes some Irene has added to the collection — from Kitchner, Ontario (Irene's birthplace), Calgary, Alberta (home of the Big Stampede), and a beautiful plate commemorating the coronation of Queen Elizabeth.

One of the highlights of the display is a very unusual antique spoonholder from England, which Irene rescued from a friend's rubbish collection.

The Times prints more news about Albany people than any other newspaper.

even if there are no lights on the bike

A RED reflector on the rear of your bike MUST be displayed if you are riding at night

All bicycles being ridden after dark MUST have a WHITE light which can be seen from 300 feet away, on the front of the bike

The rules for riding a bike safely at night apply to EVERY person riding a bicycle, no matter whether they are in grade school, high school, college or older people

Boy Scout District Holds School Night Program Tomorrow

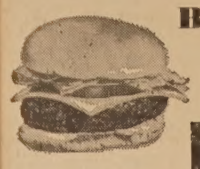

Cub Packs and Scout troops of the Mt. Diablo Council of Boy Scounts of America, with the co-operation of local public schools, will hold their annual "School Night for Scouting," Thursday, Oct. 4 at 7:30 p.m.

Camp Herms District, serving Scouts in Albany, Kensington and El Cerrito, will hold their School Night at one central location, Portola Junior High School in El Cerrito, according to chairman Jerry Sullivan.

Information flyers and special survey forms have been given out to all Cub and Scout-age students, prior to School Night, inviting them and their parents to attend this special evening program, and Cubs and Scouts are preparing exhibits and demonstrations of their activities, including events for audience participation. Adult leaders will also be present to answer questions about the Scouting program.

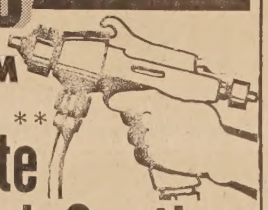

Boys who are in the third grade are eligible for Cub Scouts, and those in the sixth grade may join a Scout troop. "This special recruitment program provides a convenient and interesting way for boys and their parents, not only to get information about Scouting, but also to see some of the actual Cub and Scout skills in action," said Glen A. Hoggan, Council Organization and Extension chairman.

More consumer service tips from PG&E: "Clip and Save"
How to light a gas pilot.
You needn't be uneasy about relighting a gas pilot. It's an easy, quick and safe procedure when you follow these simple steps:

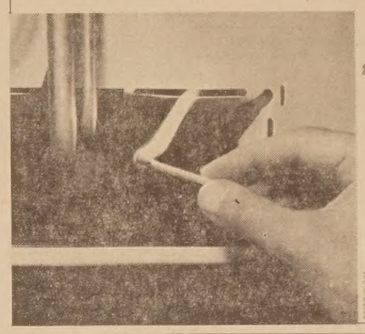

Gas Range:
Before lighting a pilot on your gas range, be sure all burners are turned off. Check your owner's manual for the location of the pilot and touch a lighted match to the opening. For maximum heat with minimum use of fuel, the burners should burn with a light blue flame.

Water Heater: The main burner on a modern gas water heater will not operate if the pilot goes out. To relight a water heater, set the control to "pilot" and follow manufacturer's instructions.

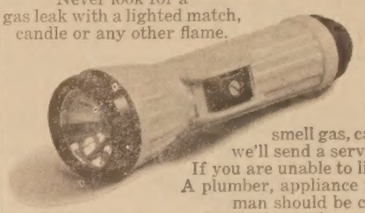

Furnace: If your furnace pilot goes out, turn off the main burner valve first. Allow a few minutes for gas to clear before relighting the pilot, then turn main valve back on, or follow the manufacturer's instructions which appear on most furnaces.

When you're going to be away from home for a week or more, set your water heater to "pilot." This keeps the pilot lighted but prevents the main burner from heating water. You'll conserve gas and save some money.

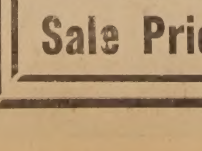

Never look for a gas leak with a lighted match, candle or any other flame.

If all your gas pilots are lit and you smell gas, call us immediately and we'll send a serviceman to investigate. If you are unable to light a pilot, we'll help. A plumber, appliance repairman or furnace man should be called if any appliance needs repairs or parts.
